

# ADHHA Newsletter

NOVEMBER 2009

## INSIDE THIS ISSUE:

**ADHHA Keuring Results**

**KWPN Keuring Results**

**ADHHA Sale Report**

**What is an ADT?**

**Upcoming Events at Windy Knoll Farms.**

Hi All,

Here we are again with our second newsletter. We have quite a bit to report. There have been sales, the Keurings, and many more things scheduled to happen through the winter and spring months.

This issue will include a full report of the Keurings both ADHHA and the KWPN, as well as a sale report from the ADHHA Sale at Windy Knoll Farms.

While summer was quite mild the fall has been spectacular if only for a short period of time. Let us hope that winter will also be kind to us and get over with quickly so that we can all enjoy the many coming spring activities.

By popular request - ADHHA has been asked to do a spring sale for strictly Dutch Harness Horses and Crossbreds. The date for this sale is April 24th 2010, with a Stallion Presentation the afternoon of April 23rd. Ron and myself will also do a clinic—Friday evening, so gather up your questions and come along. The consignment form for both these events is enclosed, we would also like you to let us know if you intend coming to the clinic so we can have a light supper organized.

For those of you who drove or even just watched the obstacle drive, at Windy Knoll Farms' Sale, there will be a series of Arena Driving Trials (ADT's) held this winter. All are invited to participate—there will be representatives from many breeds driving, it would be great to have some crossbreds come as well. The dates set for these are January 23rd, February 20th and March 20th, 2010. Participants and spectators are all welcome. More info. In 'What is an ADT'?

I would like to take this opportunity to wish all of you and your families a very Merry Christmas and a Happy and Prosperous New Year. We will be thinking of you in the cold and damp while we melt in the summer heat down under. Thank you for your continued support, we hope we can make 2010 another important year for the DHH and Crossbred DHH's and grow this industry to its full potential.

Merry Christmas and God Bless,

*Debbie Egan.*
